# ABOUT THE NATIONAL MEMORIAL DRAFTING COMPETITION 2022

Learning outcome from moot, hones all the skills necessary to become an excellent lawyer in today's competitive world. However, in a moot court competition, the oral arguments take away much of the acclaim clouding the efforts taken by researchers and drafters for a well researched and drafted memorial. Hence, we present National Memorial Drafting Competition 2022 to provide an environment where aspiring lawyers can enhance their legal proficiencies. We hope that with this competition the researchers and drafters get the much needed recognition they deserve.

## THEME

According to National Commission for Women (NCW), nearly 31,000 complaints of crimes against women were received in 2021. There was a 30 per cent rise in complaints of crimes against women in 2021 as compared to 2020 when 23,722 complaints were received. From July to September 2021, over 3,100 complaints were received every month; the last when over 3,000 complaints were received was in

November, 2018 when India's #Me Too movement was at its peak. As many as 1,819 complaints have been received regarding the offence of outraging modesty of women, 1,675 complaints of rape and attempt to rape, 1,537 of police apathy against women and 858 complaints of cyber crimes, according to NCW data. (As reported in The Indian Express)

The government needs to gear up with strict checks, to ensure that the laws effected for protection of women and children are in compliance with the dynamic and fast growing society where crimes too increase every second at every nook and corner specially those targeted against women and children from the less privileged class. It is also the duty of the legal system as well as the society as a whole to ensure that crimes against women and children are curbed to reduce and to go zero with the progression of crime. Hence, the Department of Law, PIMR (Indore) in association with SAMARTH - Women Studies Centre of Department of Law and Team ProBono India are coming up with this National Memorial Drafting Competition 2022 based on protection of right to life and personal dignity of a woman in India.

# MOOT PROPOSITION

Hindimai, one amongst the developing countries, has a population of more than 1300 million. According to the world crime index it stands at eighty fourth position and most crimes are against women and children. Reportedly there have been over 70 rape cases a day in Hindimai ever since the pandemic outbreak. It has been also seen that there has been a dip in rape by strangers and an increase in rape by known ones. Owing to the abusive environment amongst certain classes of homes more than 20% of the total female population has been relocated to government aided NGOs or Shelter Homes. There are other un-aided shelter homes which are run by religious missions. One such shelter home is that run by a religious group called Canayanos. Canayanos was headed by the religious head Meshaline aged 60.

Meshaline had started of his celibacy life at the age of 18. And gradually grew to become the religious head by the age of 35. He was the one behind the idea of setting up 'Kristhish Home', shelter home for women and children, pan Hindimai. He got the approvals from the necessary religious authorities and the government authorities as well. They used to do missionary works and approached homes which were below poverty line and used to promise to support their children to grow successfully in life, provided they were kept at the shelter homes. Many parents willingly sent their children to these homes in order to see their children have a brighter future. They also went ahead and forced families for religious conversion which created an uproar in many parts of Hindimai by the other religious groups.

One such inmate is Sefina, native of Koshin, state in Hindimai. She had been at Kristhish Home ever since she was 16 years of age and now being in her mid-forties mustered the courage to join the "ME TOO" campaign that had been triggered off by famous actress Yamini. Sefina had accepted a celibate life ever since she had joined Kristhish Home. However, she voiced how she was sexually abused till date, by Meshaline. She also alleged that many children who were reported as missing from the shelter home were in actual not missing but they were being sold to many wealthy business men who used to fund the shelter homes in public. She also alleged that many children were initially sexually manipulated by Meshaline & many succumbed to the injuries in the process. The parents of these children were made to believe that they had fallen sick & died. The bodies of the children were cremated as soon as it was received by parents. She also claimed that people who cooperated with Meshaline were influential people who created forged documents to escape law.

This incident was investigated but did not yield any result and Sefina claimed that the police officials were biased and they were protecting Meshaline. The claims of Sefina witnessed massive public support. Simultaneously, Sefina also went into hunger strike in front of the Legislative Assembly to gain attention of the Chief Minister and other Ministers. There were couple of other inmates too who were in agreement with Sefina's statement. The people from her town Alaapy in Koshin urged the government to appoint CBI to investigate into the case. The CBI investigated the case and they came up with their findings that there is no co-relation to explain the children's death and sexual abuse of these children. However the shelter home authorities stated that Sefina and the other two inmates along with her decided to go against Meshaline and other religious members since she was not promoted and given the title Canayan Lady Superior. According to them, she was not worthy of that title since she had disciplinary proceedings pending against her. However, Sefina denied this allegation and said the disciplinary proceedings were framed to dissuade her from pursuing her complaint against Meshaline and others.

Khwaja, an investigative journalist, through reliable sources had collected evidence on the basis of Sefina's claims and he, along with Sefina's father Mr. Ramoven, approached an NGO called Women of Hindimai (WoM) to file complaint against Meshaline. Mr. Ramoven also mentioned that they were being threatened by Meshaline's goons so that Sefina would drop the case and protest against Meshaline. The media took up the case and soon there were many other inmates, of Kristhish Home pan Hindimai, who came ahead to support Sefina. Similarly, inmates from several other homes, both aided and unaided came out in support of Sefina claiming that they were also victims of abuse, both mental and physical.

Women of Hindimai approached the High Court of Koshin with a Public Interest Litigation demanding justice for Sefina where it was first filed. Similarly, inmates in other states also got their cases registered in their respective High Courts. All the cases in the High Court are pending.

**Laws of Hindimai are in parimateria  
with the laws of India.**

*The organising committee of the National Memorial Drafting Competition 2022 extends its heartfelt gratitude to Ms. Simi Varghese Tharakan (ProBono India) for drafting the moot proposition. Any team found contacting her will be disqualified from the competition.*
